

# ***Swiscoin***

New generation of Crypto Currency (Centralized)

# *What is swiscoin opportunity?:*

- *What is swiscoin?*
- *Why I have to start with cryptocurrency?*
- *Who is behind swiscoin? Experience and ability of that team*
- *Is its real ? Real fundamentals behind currency*
- *Is it Legal? Can I get trouble to promoting it*
- *How can make money with swiscoin? the scope of making money with swiscoin*
- *What is short term strategy?*
- *What is long term strategy?*
- *What is Future with swiscoin ? The demand of Next generation is only Cryptocurrency and swiscoin is one of the best option.*

# What is Swiscoin ??

- Swiscoin is not only a **new kind of money**, but its more than money which called as a Cryptocurrency – created from **Electro digitization mining system** on base of advance mathematical algorithms
- Born out of the success of Bitcoin
- Swiscoin is **not a pre-mined currency**, the participants will create the market, mine the coins, and make profits!!
- Swiscoin will be **traded on a public exchange**
- Best lucrative yet simple and fair **compensation plan**
- Swiscoin can become the **next successful generation of payment network as a crypto currency.**

# How does the Electro Digitization Algorithm Works ?

- *The Algorithm for legitimate crypto currency has a **FIXED** or **FINITE** number of solutions (Called coins),unlike an illegal money game in which they make as many fake coins as they want.*

*Swiscoin's algorithm can produce **exactly 3.1 billion coins**.*

- *Everything is governed by the mathematics and can not be changed once mining begins. You could even produce a crypto currency with just 3 coins (solution). In this example, all there are correct solutions the question – what makes 7? Therefore it would yield precisely 3 coins as a reward.*

- ***7 = 3+4 May be + or -***
- ***7 = 6+1 May be + or -***
- ***7 = 2+5 May be + or -***

# Success Story of Bitcoin...

Bitcoin Price Growth

# Building mining pools to join Resources, Mining now is only for Professionals.

*Bitcoin Mining in 2009*

*Bitcoin Mining in 2014*

- ***Technology NOW is so advanced and expensive- if user does not join pool but mines on his own, they needs high investments and over 450 days to become profitable !***
- ***Swiscoin users build pools and mine the coins together, sharing resources and rewards ! !***

# The More Difficult Mining Becomes, The Higher Price of the Cryptocurrency..

**Join Early for Profit! The more difficult mining, the higher the coin price!**

# THE FIRST RECORDED OFFLINE BITCOIN TRANSACTION AT BURGER SHOP

*In 2010 a man buys a Burger for 11500 Bitcoin.*

*Today This is the worth around \$8 million.*

*This is the most expensive Burger in the world!!!*

*That's the magic of crypto currency world.*

*The 8 Million USD Burger*

THE FIRST RECORDED OFFLINE BITCOIN TRANSACTION AT BURGER SHOP

# WHY SwisCoin is Better Than Bitcoin ?..

1. Advance and more secure technology using for **Electro Digitization mining algorithm scripting**.
2. Smaller Denomination makes coin more usable (2.1 Bn Coins) – Bitcoin reached up to 1200 USD per coin, which made it inaccessible for many people and not practical as a currency
3. SwisExchange provided due to its **centralization higher liquidity and less volatility**, unlike multiple Swiscoin exchanges all selling at different rates.
4. **Dedicated management team** responsible for strategy, attracting merchants and building the Swiscoin Brands v/s decentralized approach of Bitcoin
5. Swiscoin is a mined in **mining pools (or teams)**, keeping individual **investment in hardware etc.** minimal
6. Swiscoin use **KYC Procedure** and can not be abuse for illegal purpose like Bitcoin was (Bitcoin was used for buying drugs and weapons on the internet)
7. Swiscoin is still in **an early stage** and therefore interesting for investor, while **Bitcoin is already very mature- an the opportunity is over**

# Swiscoin is the Future..

- **Innovative, secure and REAL** crypto currency
- Will be **100% mined** by members –profit will stay with members
- Pool of miner-user can start mining **without huge hardware investment**
- **Real-time mining** that can be watched by all members
- Early joiners profit from low mining price/difficulty-price will increase over time. Bitcoin price increased from 0.10\$ to over 1.00\$ per coin!
- Will be **traded on a public exchange**, like Bitcoin and Litecoin.

# Is Swiscoin a Legal ?

- Swiscoin is **100% legal** and secure currency as per norm of different country's governments.
- Swiscoin has them **own digital internet identity**, that mean all the transaction of swiscoin have been **verified by miner** and put it **on public ledger**, every one can see that transactions that called as a block chain.
- There are **not any hidden transaction** can produce by anyone. This is the **main beauty** of Swiscoin cryptocurrency.
- Swiscoin is a new generation of cryptocurrency, and today in the world there are so many **millionaires are using cryptocurrency** and investing in cryptocurrency because this is the trusted platform for trading and exchange.
- There are **not any restrictions** for exchange the cryptocurrency.

# Reality and Fundamental of Swiscoin

- Every Swiscoin are producing by **Electro digitization mining technology**
- Every Swiscoin have them **own digital** identity by algorithm system
- And every user of swiscoin have a **unique** address of swiscoin which is generate by any **open source of swiscoin** its unique identity which **called swiscoin address**
- Every swiscoin is only identify by swiscoin address that mean swiscoin have a **technical** relation with only swisaddress,
- **Nobody can produce swiscoin more than them** limit that mean there are not any single scope to generate swiscoin
- For produce swiscoin there are only method of mining technology and **its costly as per production.**
- And there are **limit generated by swiscoin crypto inc,** that men over limit swiscoin can not produce by anybody and swiscoin crypto inc also.
